

一开始,我们谁都没有想到.....

In the beginning, none of us could have expected that...

Ah...

It's my turn...

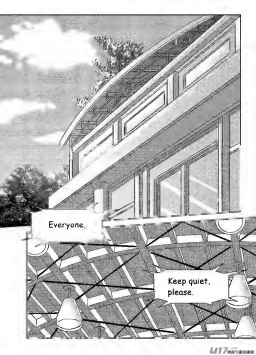

... Things would end up like this!

第十二话：开学典礼(2)

Ch.12 Opening Convocation II

Everyone,

Keep quiet,
please.

The opening convocation
of Judgement Primary
School...

A large school assembly is taking place in a gymnasium. The ceiling is a complex, geometric structure with many small, triangular lights. A large crowd of students and staff is gathered in the center of the room, facing a stage. The stage has a large banner with Chinese characters. A speaker is visible on the stage. The audience is composed of many children of various ages, some standing and some sitting. The atmosphere appears to be formal and organized.

...is about
to begin!

Those who have not
yet arrived at the
gym, please hurry up

A view of a staircase leading to the gym. The staircase is made of concrete and has a metal railing. A few people are standing at the bottom of the stairs, looking up. The gymnasium is visible in the background, with its high ceiling and large windows.

Just fill in your
student number
here.

OK-

A black and white manga-style illustration showing three students sitting at a table. In the center, a boy with short dark hair and a white shirt looks down with a serious expression. To his left, a boy with spiky light-colored hair looks towards him. To his right, a girl with long light-colored hair and glasses is partially visible, looking down.

Although everyone's student number has been decided, the roll call for self introduction is based on the order of signing the registration form.

A black and white manga-style illustration showing two students in profile. On the left, a girl with long dark hair looks towards the right. On the right, a boy with short light-colored hair and glasses looks down with a serious expression.

However we do not know other students' student number, so we can't identify Heaven Fucker Zheo until he answers the roll call.

A large, bright, starburst-like light effect emanates from the left side of the panel, creating a strong glow.

So the only way to take care of Heaven Fucker Zheo backstage is to be the last to register.

In that case, Heaven Fucker
Zhao would answer the rail call
before us

At the moment when he
reaches to the rail call, we
will be able to lock the
target

Then we three attack
together! Finish Heaven
Fucker Zhao in one go!

Got it?

Mostly...

Hey, you

Turn two pages
back and read
again.

So many people...

We're in the lawless Welvia Tooth District and Judgement Primary School runs as a special set of rules, very few can graduate each year...

Thus this school only takes in a handful of new students and occasionally transfers

Although we don't know the real situation in the school, we are sure that there's not even a single ordinary student here!

Greetings
dear students,

The opening convocation
now begins!

Ah, finally!

It already starts, which
means we are indeed the
